

Streamline® Bumper

Streamlined—Custom corners and ends eliminate traps for food and debris, giving your fixtures the sleek look they crave.

Strong—New hidden end cap system keeps pieces from shifting when hit, resulting in strong fixture protection.

Speedy Install—All parts snap easily into place, saving you time and money.

Custom formed ends and corners completely transform the look of your store.

We pioneered the process of thermoforming bumper ends and corners, solving the problem of unsightly gaps in modular bumper systems. Give your fixtures a seamless, sleek look and eliminate traps for food and debris with custom formed corners and ends. Installation occurs with a snap, saving you time and cost on installation.

Streamline® Bumper
